You may hardly believe it, but it's almost May - and almost Mother's Day (May 9). I knew that it would slip a few of your minds, so I have prepared a feature to help you select the near-perfect present for her. And it really is almost perfect: glistening, hand cut simulant diamonds set in yellow and white gold. It's flawless craftsmanship you can afford, so glance here.

## «MAKE HER A PRINCESS»

Founded in 2000, Secrets is based upon founder Jane Meredith's belief that all women deserve to wear beautifully designed and crafted jewellery. Your mother won't feel like she is wearing cheap or fake stones, because Secrets' simulant diamonds are indistinguishable from diamonds to the naked eye. Take this diamond simulant princess and radiant cut ring in white gold (\$670) - it epitomises purity and beauty in one.

## «TRILLIANT BRILLIANT»

Give mum some ear accessory and buy these diamond simulant brilliant cut earrings in gold (\$180). With their simple but classy cut and colour, they are ideal for everyday wear but also dressed-up occasions. For a slightly altered look, try the diamond simulant trilliant cut earrings in white gold (\$190).

### «CUTTING EDGE»

For something simpler but equally outstanding, give mum this diamond simulant brilliant cut solitaire ring in white gold (\$525). Secrets stones are guaranteed to retain their brilliance for life. You don't need to worry about having to pay maintenance costs – jewellery comes with free lifetime access to their cleaning service in-store. This ensures mum can always have a sparkling something on her finger from you.

### «WIN AND GRIN»

As part of their Mother's Day competition, Secrets will be giving away over 20 tennis bracelets with the equivalent of 7.2 carats of brilliant cut diamond simulant stones set in solid 14 carat gold and

valued at \$820. Purchase any design from Secrets' range – priced from \$80 – between April 1 and Mother's Day to go into the draw. Visit Secrets at Shop 2073B, Westfield Garden City.
